PARENT & STUDENT SURVEYS

As part of our focus on school effectiveness we will be participating in an online survey for students, parents and staff.

Students are scheduled to participate during Week 6 & 7. A letter has been sent home.

Parents are also invited to participate. The survey will take no longer than 20 mins, participating parents will go into the draw to win a prize. The link and code has been put on Facebook, our Website and emailed home. There are several ways parents can complete the survey, just call the school or see Administration for details.

**ALL SURVEYS MUST BE COMPLETED BY
